BACTRIM-S

An unique Broad Spectrum Virucidal, Bactericidal, Fungicidal Disinfectant

Presentation : 500 gms

COMPOSITION :

Potassium monopersulphate,
Potassium hydrogen sulphate,
Potassium sulphate Sodium chloride
Containing Triple salt

BENEFITS :

Is a unique broad spectrum Disinfectant effective against all types of pathogenic micro organisms i.e., virus, bacteria, fungal, protozoa. Its an ideal disinfectant to use Aqua culture it has been proven to destroy pathogens in the Aquatic environment.

DOSAGE :

In Aqua culture 500 gms / Acre
or consult your Aqua technician.

It does not affect water quality, dissolved oxygen level and does not destroy the shrimp's source.

Antibiotic Free
Steroidal Free

FLOW GEN-TAB

Flow of oxygen

Presentation : 1kg / 2kg

COMPOSITION :

A combination of three power full oxidizers

BENEFITS :

Enhanced dissolved oxygen levels.
Helps to the aerobic bacteria in reducing organic loads.
Maintains activity at all levels of hardness of water Absorbs noxious gases of the pond bottom and provides healthy environment for the active growth of shrimp.

DOSAGE :

1kg per Acre (2 feet water depth)
or 2kg per Acre in extreme cases
Dose depend upon the pond condition
or consult your Aqua technician.

Antibiotic Free
Steroidal Free

BACTRIM - P

Selective Probiotic For Controlling Shrimp Vibrio

Presentation : 1kg

COMPOSITION :

Selected high potent strains of bacillus subtilis, aerobacter sps. etc., along with suitable activator & carrier.

BENEFITS :

Terminate factors that cause vibrio disease infection.
A powerful Probiotic vibrio control in farms where probiotics are not used regularly.
Minimise and inhibit the population and the growth of vibrio in shrimp pond.
Compliments the function of water probiotics by selectively.

DOSAGE :

1 kg per One acre once in 15 days or
as directed by aqua consultant.

Controlling vibrio in pond, water and sedent.
Maintain optimum water quantity and limit vibrio proliferation.

Antibiotic Free
Steroidal Free

NEOVIT - C2

Coated Vitamin - C

Presentation : 1 kg

COMPOSITION :

Vitamin-C with poly phosphote base
Vitamin B₁₂
Growth Promoting Factors

BENEFITS :

Improves feed conversion and growth rate.
Detoxifies toxic materials and improves health.
Reduces stress and promote complete moulting.
Enhances resistance against diseases and reduce mortality. Promotes Calcium absorption returns avoids. Vitamin-B12 plays a significant role in prevention of anaemia bones and tissues.

DOSAGE :

Prawn / Shrimp : 10 gm per kg of feed
Fish : 5 gm per kg of feed
or consult your aqua technician for Specific usage and Dosage.

Antibiotic Free
Steroidal Free

NEOZYM - CL

Gut Care & Growth Promoter

Presentation : 500 gms

COMPOSITION :

Combination of active/inactive species of Lactobacillus and growth enhancers, gut and intestinal beneficial enzymes producing bacteria.

BENEFITS :

Control the white Gut
Inhibits the pathogens by maintaining the colonial population.
Beneficially shrimp by improving its intestinal microbial balance.

DOSAGE :

10gm per 1Kg Feed or as directed by aqua culture consultant.

Shows high tolerance to low P^H.
Having anti inflammatory, anticancerous properties, shows significant immune response.

Antibiotic Free
Steroidal Free

FLOWGEN *Granivals*

Flow of oxygen

Presentation : 1 kg & 5 kgs

COMPOSITION :

A combination of three power full oxidizers

BENEFITS :

Enhanced dissolved oxygen levels.
Helps to the aerobic bacteria in reducing organic loads. Maintains activity at all levels of hardness of water Absorbs noxious gases of the pond bottom and provides healthy environment for the active growth of shrimp

DOSAGE :

1kg per Acre (2 feet water depth)
or 2kg per Acre in extreme casess
Dose depend upon the pond condition or consult your Aqua technician.

Antibiotic Free
Steroidal Free

GUT PRO

For Disease Prevention & Growth Promotion In Shrimps

Presentation : 1 Ltr

COMPOSITION :

- * Proprietary blend of organic acids of high biological value.

ADVANTAGES :

- * Improves feed hygiene, through the reduction of PH and buffer capacity in the gut, and control of gram negative bacteria such as Saimonella sp. and Ecoli.
- * Minimizes the spillage or recontamination of compound feed while maintaining its nutritional value and extending its storage time.

DOSAGE :

10-15 ml / kg of feed for 7 days
Or as advised by the Aqua Culture Consultant.

- * As the pH and microbial burden in the animal's gut is reduced, beneficial microflora is maintained, which ensures a healthy gut.
- * Reduces the risk of gut disorders and enhances the growth performance.
- * Improves protein and fat digestibility and increases minerals absorption.

Antibiotic Free
Steroidal Free

ALGISAN - GM

Highly effective fungicide & water Sanitizer

Presentation : 5 Ltrs

COMPOSITION :

Elemental Copper, Disodium ethylene Malachite green, Formaldehyde, Stabilizers

BENEFITS :

- * It acts effectively for prevention of gill diseases like black gill, red gill, brown gill, gill fouling etc caused by protozoan, fungi and other micro organisms.
- * It prevents all external parasite infections in shrimp & Fish
- * It prevents the development of pathogenic micro-organisms such as bacteria, mould and algae from spore level in aquaculture ponds.

DOSAGE :

For Shrimp : 3 Ltrs/Acre one mtr. water depth.
For fish 2 Ltrs / Acre
Or as advised by an Aqua consultant.

- * Highly effective even in the presence of organic matter
- * Complete purifier of water in fish & prawn ponds.

Antibiotic Free
Steroidal Free

NEODOX

Special Grade Aqua Zeolite with Do Enhancer

Presentation : 25 kgs

COMPOSITION :

Zeolite, Sodium Bentonite, Calcium Peroxide, Sodium Perborate, Macro and Micro nutrients

BENIFITS :

- * Improves dissolved oxygen level and reduce COD and BOD levels,
- * Removes off flavours and poisonous gasses like Ammonia, H₂S, SO₂, etc.,
- * Avoid stress and improves the health and survival diseases.
- * Reduce incidence of viral, protozoal and fungal diseases.

DOSAGE :

25 Kgs / Acre / dose depends up on condition or Consult your aqua specialist

- * Improves the water quality and clarity.
- * Prevents sludge formation of the pond bottom and improves the growth of Phytoplankton and zooplankton
- * Reduces water turbidity and enhance the water softness.

Antibiotic Free
Steroidal Free

NATIONAL - Gel

Growth Promoter & Baiting agent

Presentation : 20 Ltrs

COMPOSITION :

Nutrient Gel
with Vitamins, Minerals.

BENEFITS :

Improves feed conversion and growth rate
Bind all Powder Formulations without
Reducing it's Potency.
It is a smooth Gel with a firm grip and
does not dissolve easily when added water.
It has a attractive taste

DOSAGE :

30 to 50ml per Kg. of Feed
or consult your Aqua technician
for specific use.

Antibiotic Free
Steroidal Free

NEO - TURBIDITY

Turbidity & Sludge Reducer

Presentation : 5 kgs / 10 kgs

COMPOSITION :

Neo Turbidity is a special Bio formulation added
with natural Turbidity & Sludge reducing compounds.

BENEFITS :

- * Reduces turbidity of pond water fastly.
- * Makes suitable environment for photosynthesis activities of phytoplankton
- * Promotes the growth of plankton in pond water
- * Improves dissolved oxygen levels.
- * Decreases ammonia and toxic gasses in water.
- * Gills become very fresh.
- * Provides more space for swimming in the pond bottom.
- * Reduces sludge level in pond bottom.
- * Helps for better survivals and more yields.
- * Eliminates off flavors from the pond.
- * Animals becomes totally active & stress free.

DOSAGES :

5 Kgs / acre
In High Turbidity / Sludge condition
1 or 2 times in 4-5 days intervals
or consult your Aqua technician

Antibiotic Free
Steroidal Free

NEODOX Granivals

Granulated Zeolite with Probiotic and Yuca

Presentation : 10 kgs / 20 kgs

COMPOSITION :

It is a highly specialized preparation
with granulated zeolite with
Probiotics and mineral compounds.

DOSAGE :

10 Kgs / Acre
or Consult your aqua specialist

BENEFITS :

- * Removes of flavours and poisonous gasses like Ammonia, H₂S, SO₂, etc.,
- * Avoid stress and improves the health and survival diseases.
- * Reduce incidence of viral, protozoal and fungal diseases.
- * Improves the water quality and clarity.
- * Prevents sludge formation of the pond bottom and improves the growth of Phytoplankton and zooplankton
- * Reduces water turbidity and enhance the water softness.

Antibiotic Free
Steroidal Free

NEO BACT - S

Soil and Water Probiotic

Presentation : 1 kg

COMPOSITION :

B. subtilis, B. licheniformis, B. polymixia, B. megaterium, B. pumulis, Thiobacillus denitrificans, Aspergillus oryzae, Aspergillus niger, yeast, Nitrosomonas, Nitrobactor, Pseudomonas denitrificans

BENEFITS :

- * Eats the bottom settled pond wastes and avoids the decomposition.
- * makes the pond bottom clean, neat and visible,
- * provides more space to Prawn to eat and swim by removing bottom sludge.
- * Prevents toxic gases like ammonia. H₂S, SO₂ etc, in pond water.

DOSAGE :

1 kg / acre
or as advised by an aqua consultant.

Antibiotic Free
Steroidal Free

RHODO BACT - PS

Liquid Probiotic

Presentation : 20 Ltrs

COMPOSITION :

Rhodococcus, Rhodobacter
Live beneficial bacteria

BENEFITS :

Clear good bottom sediments.
Prevents production of toxic gases.
Arrests the growth of bacterial pathogens.
Makes pond water clean, clear and visible.
Best for the maintenance of pH & plankton.

DOSAGE :

For Shrimp : 5 Ltrs/Acre one mtr. water depth.
For fish 2 Ltrs / Acre every 15 days
Or as advised by an Aqua consultant.

Antibiotic Free
Steroidal Free

NEO SENSE

Water Probiotic

Presentation : 1 kg

COMPOSITION :

B.subtilis, B.licheniformis, B.polymyxa, B.megaterium, B.pumulis, Thiobacillus denitrificans, Aspergillus oryzae, Aspergillus niger, Pseudomonas denitrificans, Bacillus coagulans.

BENEFITS :

Neo Sense water probiotic for shrimp/fish is a unique live bacterial consortium, by producing large amount of waste degrading enzymes like amylase, protease, lipase and cellulase, it improves pond environment by converting complex compounds to simple form for easy bio degradation.

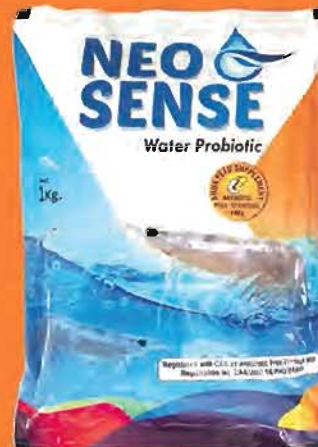

STORAGE :

Do Not Freeze Optimum temperature of Storage 30°C or below.
Avoid direct sunlight.
Store in a cool and dry place

DOSAGE :

500 gms to 1kg for acre every 15 days or as advised by the Aqua consultant

Antibiotic Free
Steroidal Free

BENZGUARD-80

Excellent Water Sanitizer

COMPOSITION :

Benzyl Konium Chloride 80%
Stabilizers Q.S.

BENEFITS :

- * Promotes healthy moulting
- * Prevents water pollution and purifies water
- * Effectively controls viral, Bacterial, Protozoal and Fungal Diseases
- * Useful in prophylactic treatment of surfaceulcers, wounds and lesions etc.

DOSAGE :

1 Ltr per Acre (3 Feet Water Depth)
Fish : 1 Ltr. per Acre (4 Feet water Depth)
Mixing with sand.

Presentation : 1 Ltr

Antibiotic Free
Steroidal Free

POWER SAN

Powerfull Sanitizer and Moultng Inducer

COMPOSITION :

Glutaraldehyde
Formaldehyde
Bernzylkonuim Chloride
Stabilizers

BENEFITS :

Power San is a Powerful disinfectant and act against bacterial Fungal and Protozoal Disease.

Power San acts as a Powerful water sanitizer, Power San Stimulates moulting in shrimp.

DOSAGE :

2 Ltrs per acre or as directed by the Aquaculture specialist.

Presentation : 1 Ltr & 5 Ltrs

Antibiotic Free
Steroidal Free

ACRISAN-E

An Effective Powerfull Fungicide And Water Softner

COMPOSITION :

Glutaraldehyde
Formaldehyde
Bernzylkonuim Chloride
Elemental Copper
Malachite green, Stabilizers

BENEFITS :

It has a powerfull fungicidal & Germicidal action. It controls all fungal infectsons, Blackspot, Zoothamnia, etc., It prevents growth of unwanted algae. It reduces water hardness. It can adjust the pH of water and minimise the sludge formation. Avoids foul odour of the pond water.

DOSAGE :

1 Ltr / 2 Ltrs for Acre / Consult your aqua specialist to specific usage / dosage

Presentation : 1 Ltr & 5 Ltrs

Antibiotic Free
Steroidal Free

PROTENEX GEL

An unique combination of feed
Growth Promoter & binding Agent

Presentation : 5Ltrs & 20Ltrs

COMPOSITION :

Nutrient Gel
with Vitamins, Minerals, Amino acids,
Antistressors Chitin & Micro Elements

BENEFITS :

Improves feed conversion and growth rate. Enhances resistance against diseases. Neutralizes imbalances of Vitamins, minerals, Amino Acids and Proteins. Detoxify toxic materials and improves health. Improves absorption of the calcium and Phosphorous. Reduce incidence of loose shell.

DOSAGE :

20 to 30ml per Kg. of Feed
or consult your Aqua technician
for specific use.

Antibiotic Free
Steroidal Free

LIVI FORTE-Plus

Liver Stimulants with Enzymes

Presentation : 20 Ltrs

COMPOSITION :

Liver Extract, Yeast Extract
choline chlorids, folic acid, Vitamin B12, L-Lysine,
DL Methionine, with digestive Enzymes.

DOSAGE :

20-30 ml / kg of feed continuously (or)
7 days in a month or
as advised by an aqua consultant

BENEFITS :

- * Stimulates and activates the function of Hepato Pancreas
- * Increases digestion, absorption and assimilation of nutrients
- * Helps for strong immunity, more growth and body weights.

- * Prevents loose shell problems
- * Increases more survivals

Antibiotic Free
Steroidal Free

N-PRO A Best Quality For *Yeast Gel*

Presentation : 20 Ltrs

COMPOSITION :

Yeast Gel Consists the pure and specially grown Yeast Culture (*Saccharomyces boulardii*) for aquaculture use.

- * Reduces mortality due to opportunistic pathogens
- * Enhances the disease resistance of culture shrimps.
- * Improves the growth and survivals.

BENEFITS :

- * Shrimp grows very fast with better health & immunity
- * Improves the level of production, FCR and lowers the feed Costs.
- * Increases efficiency in the use of feed ingredients.
- * Reduces all kinds of stress factors.

APPLICATION :

Mix the recommended quantity of Yeast Gel in feed dry for few minutes before use.

DOSAGE :

In Feed : 20-30 ml /1kg of Feed
(or) as advised by the aqua consultant.

Antibiotic Free
Steroidal Free

GAS O BAN-Powder

Ammonia Reducer

Presentation : 500 gms

COMPOSITION :

Yuccaschidigera, Bacillus subtilis,
bacillus polymixa, Bacillus licheniformis,
Nitrosomonas, Nitrobactor.

BENEFITS :

- * Adsorbs toxic gases like Ammonia, Hydrogen Sulphide, Methane etc.,
- * Action is fast, the animals recover quickly from the stress or shock.
- * Improves water quality quickly in high risk conditions.
- * Optimizes plankton levels.
- * Helps to increase DO levels.
- * Animals grow fast with out stress.

DOSAGE :

250 gms / 500 gms for Acre
or consult your Aqua technician for
Specific usage and Dosage.

Antibiotic Free
Steroidal Free

GAS O BAN-Tab

Ammonia Reducer

Presentation : 1kg

COMPOSITION :

Yuccaschidigera,
Bacillus subtilis, bacillus polymixa,
Bacillus licheniformis,
Nitrosomonas, Nitrobactor.

BENEFITS :

Adsorbs toxic gases like Ammonia,
Haydrogen sulphide, Methane etc.
the animals recover quickly from the stress.
Improves feed conversion and growth rate.
Detoxifies toxic materials and improves
health. Reduces stress and promote
complete moulting. Enhances resistance

DOSAGE :

500 gms to 1kg for Acre
or consult your Aqua technician for
Specific usage and Dosage.

against diseases and reduce mortality.
Helps to increase DO levels.

Antibiotic Free
Steroidal Free

Soil Clenar

**A Power ful Sludge Reducing
Biotech Product**

Presentation : 1 kg

COMPOSITION :

Soil Clenar contains a mix of
probiotics & sludge reducing biotech
components that deliver results in aqua Culture.

BENEFITS :

Maintains the ecological balance
of your ponds
Supports the growth of Phytoplankton
& Zooplankton in the ponds thus
helping in reducing the FCR
Converts organic waste into micronutrients
and create natural food source
Eliminates unwanted microorganisms
Reduce toxic gas like ammonia and nitrites.

DOSAGE :

1 to 2 kg / Acre - 2 times weekly
or as directed by aqua consultant.

Antibiotic Free
Steroidal Free

NEO MIN FORTE

A Unique Combination With Minerals,
Vitamins, Amino Acids. Probiotics and Enzymes.

Presentation : 10 kgs

COMPOSITION :

Manganese	3000 mg
Calcium	68 gms
Cobalt Sulphate	250 mg
Iron	7500 mg
Copper Sulphate	4000 mg
Potassium Iodide	1000 mg
Magnesium	12000 mg
Sodium Selenate	1000 mg
Zinc Oxide	4000 mg
L-Lysine	2000 mg
D.L. Methionine	2000 mg
Vitamin A	50000 I.U.
Vitamin D3	1000 I.U.
Vitamin E	450 I.U.
Prebiotics & Probiotics	5000 mg

BENEFITS :

Improves Phytoplankton and
Zooplankton growth
Improves health & growth of Aquatic
Species Neutralise imbalances of
minerals Improves feed intake and
enhances growth

DOSAGE :

5kgs to 10kgs For Acre
Fish : 10kgs For Tone of Feed
or Consult your Aqua technician

Antibiotic Free
Steroidal Free

NEO MIN FORTE-M Plus

Specially formulated Soluble Minerals (Chelated) For Vennamei

Neo Min Forte-M Plus is specially formulated for vennamei
and manufactured under strict quality control assurance

Presentation : 10 kgs

BENEFITS :

Stimulates and regulates moulting
improves the level of minerals in pond.
prevents and control loose shell and
soft shell disease. helps for quick formation of
hardened outer shell layer. acts as growth
promoter in shrimp.
makes the shrimp strong to fight with
diseases.

DOSAGE :

5 Kg per one acre (once in 7 days)
Before stocking of seed 10 kg per acre.
(Morning 9-10 am mixed with pond water)

Antibiotic Free
Steroidal Free

NEO MIN FORTE Liquid

Water Soluble Highly Concentrated
Mineral Compounds in Liquid Form for Aquaculture Use.

Presentation : 5 Ltrs

COMPOSITION : Neo min Forte is prepared from
highly specialised aqua culture grade minerals
in liquid form.

BENEFITS :

- * Provides enough mineral strength in the pond water.
- * Provides enough mineral strength to the animals.
- * Prevents & controls loose shell disease.
- * Prevents & controls soft shell disease.
- * Helps for initiation of moulting process.
- * Prevents the body / muscle cramps of the animals.
- * Increases plankton growths.
- * Helps for stable maintainance of plankton at all times.

DOSAGE : in Aqua Ponds : 5Ltrs / acre
or as advised by an aqua consultant.
in feed 15 ml - 25 ml / 1 kg

Antibiotic Free
Steroidal Free

V-SOFT Powder

Water Softener & Hardness Controller

Presentation : 1 Kg / 4 kgs

COMPOSITION :

V-Soft Consists the Grade-I Ethylene diamine tetraacetic acid (EDTA) for aquaculture purposes added with minerals.

BENEFITS :

- * Reduces hard shell problems of shrimps.
- * Corrects Hardness and Alkalinity problems of pond water
- * Reduces effects of excess iron and other toxic heavy metals in the pond.
- * Reduces water turbidity & suspended solids.
- * Makes pollution free pond water.
- * Promotes healthy plankton bloom.
- * Makes bore well water suitability for aquaculture.

DOSAGE :

1kg per acre
One Meter Water Depth or Consult your aqua technician

- * Helps for relieving stress and more activeness.
- * Maintains optimum pH levels in pond waters.

Antibiotic Free
Steroidal Free

V-SOFT Liquid

Water Softener & Hardness Controller in Aquaculture Ponds

Presentation : 5 Ltrs

COMPOSITION : V-Soft Consists the Grade-I Ethylene diamine tetraacetic acid (EDTA) for aquaculture purposes added with minerals.

BENEFITS :

- * Reduces hard shell problems of shrimps.
- * Corrects Hardness and Alkalinity problems of pond water
- * Reduces effects of excess iron and other toxic heavy metals in the pond.
- * Reduces water turbidity & suspended solids.
- * Makes pollution free pond water.

DOSAGE :

In Pond : 2 ltrs / acre (or) 5 ltrs / hectare
One Meter Water Depth or Consult your aqua technician

- * Makes bore well water suitability for aquaculture.
- * Helps for relieving stress and more activeness.
- * Maintains optimum pH levels in pond waters.

Antibiotic Free
Steroidal Free

NEO MOULT

For Loose shell disease & Fast moulting

Presentation : 5 Ltrs

COMPOSITION :

Each 100 ml contains

Phosphate	: 2000 mg.
Vitamin D2	: 2000 I.U.
Vitamin B1	: 10 mg.
Vitamin B2	: 5 mg.
Vitamin B12	: 10 mcg.
Vitamin C	: 500 mg.
Ferrous gluconate	: 100 mg.
Zinc sulphate	: 20 mg.
Calcium	: 68 gms

DOSAGE :

In feed 20 - 30 ml / kg 10 days in a month
or as advised by the Aqua Consultant

APPLICATION :

Mix the recommended quantity of Neo Mount directly in pellet feed. Dry the feed under cool shed for 30 minutes before feeding.

- * Helps for quick formation of Shell.
- * Acts as a growth promoter in prawn.

Antibiotic Free
Steroidal Free

BENEFITE :

- * Prevents and controls loose shell disease in prawn

Presentation : 1 kg

Neo Bact - S

Water and Soil Probiotic

COMPOSITION :

B.subtilis, B.licheniformis, B.polymyxa,
Aspergillus oryzae, Aspergillus niger,
B.megaterium, B.pumulis,
Thiobacillus denitrificans,
Pseudomonas denitrificans, Nitrosomonas,
Nitrobactor,

BENEFITS :

- * Improves pond water transparency and clarity.
- * Eats the bottom settled pond wastes and avoids the decomposition.
- * makes the pond bottom clean, neat and visible,
- * provides more space to Prawn to eat and swim by removing bottom sludge.
- * Prevents toxic gases like ammonia H_2S , SO_2 etc, in pond water.

DOSAGE :

Prawn : 1 kg / acre
or as advised by an aqua consultant.
